United States District Judge

RE: United States v. Rubi Gutierrez
Case #03-CR-02 (DGT), and,
Case #02-CR-1519 (DGT).

Dear Judge Trager:

I am the attorney for Defendant Rubi Gutierrez in the above cases.

This defendant is currently released on bail with travel restricted to the Eastern and Southern Districts of New York.

I write to request that the Court remove all travel restrictions so that this defendant may freely travel within the continental United States of America.

The United States Pretrial Services Agency advised my Legal Assistant today that this defendant is no longer on pre-trial supervision and therefore their consent is not required for this request.

I was advised by A.U.S.A. Carolyn Pokorny last week that the Government consents to the within request to remove all travel restrictions.

Thank you for your time and consideration.

Sincerely,

PAUL TESTAVERDE
